

A MATTER OF PROTESTS

Press Club Bowling Team Mixed Up in Every Protest.

THREE OF THEM TO BE CONSIDERED

By the Board of Managers of the Wheeling League—The Result May Change the Standing of Several Clubs—Last Week of the First Season of the League—Last Evening's Games.

The planning and smoothing-down of two bowling alleys, in itself appears a very innocent and harmless proceeding, but when William Petty planned his "Harvest Home" alleys a few weeks ago he stirred up a genuine full-blooded temper in a teapot, and as a consequence the conclusion of the first season of the Wheeling Bowling League is marked by wailing and gnashing of teeth, so to speak. The alleys were planned just before the two games between the Press Club and South Side teams were played, and it was claimed at the time that the alleys were changed so as to take away the condition approaching a "lead pipe cinch" by which the Press Club, undoubtedly weak on other alleys, would not have the advantage of putting balls down in the gutters on the alleys and making strikes and spares almost to the entire exclusion of breaks. When those games were played Captain Paul Keymann of the Wheeling Bowling Club, then a close second to the South Siders in the race, entered a protest with the secretary to the board of managers of the league, claiming that the alleys should not have been tampered with until the close of the season. The South Side boys claim that the change in the alleys hurt them as much as any one else, and that it does not affect the result of the race for the pennant in the least.

Last night the Press Club and Wheeling Athletic Wheelmen played on the Petty alleys, and before the game was played, one of the players of the former team entered a protest, claiming that the same conditions existed in this instance, as in the case of the Press Club-Wheeling games. These two protests together with the one entered by the Press Club against the games won by the Intelligencer team, when the former team's players failed to appear at the time agreed upon, will be considered at a meeting to be held immediately after the season ends next Saturday, and the prospects are that the gathering of the clans will result in a "scrap"—figuratively speaking, of course—the outcome of which is problematic to the extreme.

A PRETTY RACE

The last week of the race for the pennant shows up with as pretty a contest as could be desired. The South Side and Columbia teams are almost neck and neck for first place, and three clubs are bunched for fourth place. Columbia, one game behind their opponents, plays Calumet this week on their own alleys, while the South Side club battles with Sam Harrison's Bowlers at Wheeling Park. Columbia should win two, and the South Siders may do the same, but they hardly expect to win more than one of the two games.

The Intelligencers are still in fourth place, but one club at least is likely to tie them—the Wheeling Athletic Wheelmen. The newspaper boys play the strong Wheeling Bowling Club Saturday evening, and if they lose two games, as is likely, will be a tie with the W. A. W. gang. If the season ends this way a play-off will be necessary, with chances in favor of the wheelmen; they have been bowling in great form lately. Outside of the clubs named the others will finish as follows: Wheeling Bowling Club, third; The Bowlers, seventh; Press Club, eighth and winner of the "booby" prize.

W. A. W. WINS BOTH.

The End of the Bowling Season for Two Clubs.

Last evening the W. A. W. team of the bowling league had no trouble in defeating the Press Club two games on the latter's home alleys, as changed recently at Petty's "Harvest Home" place. The work of both teams was very "dinky-dink." The scores were as follows:

Junior Order Withdraws Its Plea.

Pittsburgh, Pa., March 19.—The application for an injunction filed by the Junior Order of American Mechanics against the employment of nuns as teachers in the Riverside public schools has been withdrawn at the request of the plaintiffs. The petition for the withdrawal set forth that as the defendants have abandoned their illegal course in the matter, an injunction is no longer necessary.

Beware of Outlets for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell, and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they can do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

STREET CAR STRIKE.

The Over-the-River Street Car Employees Strike Against a Reduction of Wages. Last evening the officials of the over-the-river electric street railway line, running between Bellaire and Martin's Ferry, and out the national pike from Bridgeport, posted a notice in their barns at West Wheeling notifying the operators and conductors of a reduction in their wages from fifteen cents to thirteen cents per hour. The cut, the notice stated, would go into effect this morning. This move was a great surprise to the men, who all along have been working at a lower rate of wages than has been paid the street railway employees in Wheeling, and a great deal of kicking was indulged in, which late last night resulted in a meeting of the fifty men employed on the road, at Bridgeport.

The sentiment at the meeting was decidedly in favor of refusing to work at reduced wages, and it was decided they would go out on a strike unless the fifteen cent rate is restored. A committee of three of the workmen was at once appointed, who waited on General Manager J. K. Jolly, at his office in Bridgeport, at 2 o'clock this morning, and stated to him the position they had decided to take. The committee remained with Jolly for a long time.

At a quarter past two word was received that the conference failed of result and the men resolved to strike and not to go to work this morning. Manager Jolly at first refused to talk, but finally said that he had offered the men twelve hours' work daily at thirteen cents. Before this they have been working nine and ten hours at 15 cents. He did not know whether the road would be operated this morning or not.

IN THE COUNTY BOARD.

National Road Claims—The Tunnel Project, etc.

A special meeting of the board of county commissioners was held yesterday, the principal business being the proving of old claims against the National road. A large number of bills were presented, and the gross amount was scaled considerably by careful scanning, after which all the bills were referred to the committee on roads and bridges for examination and report.

The petition of the Trades and Labor Assembly for the appointment of a committee to confer with a like committee already appointed by the city council in reference to the projected tunnel under Wheeling hill at Tenth or Ninth street, was read, and favorable action taken on it. Messrs. Bates, Maxwell, Vollinger, Kindelberger and Fritz were appointed members of the committee.

The city water board was granted the right to lay a water main to Fulton. A petition from the sheriff was read, asking that the assessors in listing property for taxation be required to give the owner's street and number. This was opposed by Assessor Blanchard. Action was deferred till the April meeting.

The report on a certain road was received, and it was recommended that the proposal of Dr. Myers on his own behalf and as administrator be accepted and that of James Rogers rejected. Action was deferred to give the parties a chance to be heard.

OUT AT SEIBERT'S.

This Summer Resort Will Have an Improved Appearance.

Seibert's Garden, out the pike, will have a decidedly improved appearance this summer. To the pleasure seeker alighting from an Elm Grove train the barns and other outbuildings at the entrance to the grounds have been an eye sore. These have been taken away and in their place the lawn will extend to a neat fence along the road. New trees will be planted, and a gravel driveway built around the grounds early this spring.

The project to have a season of summer opera at this resort has not yet materialized, but possibly will become an assured fact soon. At any rate the genial proprietor, Charles Seibert, intends to have several attractive features.

Wellsburg Republicans.

Special Dispatch to the Intelligencer.

WELLSBURG, W. VA., March 19.—The Republican convention to nominate candidates for the city officers at the spring election was held in the court house. The convention was the largest and most harmonious held here for many a day. Quite a number of disgusted Democrats were present and took active part in the proceedings. The following ticket was unanimously nominated:

For city clerk, J. G. Johnson; school commissioner, Millard Boyd. Council—First ward, Saul Combs, first branch; J. G. W. Davies, second branch. Second ward, E. A. Sheets, first branch; John Fowler, second branch. Third ward, for long term in first branch, Samuel Caldwell; short term, M. A. Jones; second branch, M. L. Wells.

MARTIN'S PERRY.

Raps and Mishaps in the Thirving City Across the River.

An exciting scene occurred in the mayor's office last evening. As stated yesterday a colored man, William Weaver, and a white girl, Lizzie Zareber, were arrested for living together unlawfully in a boat house. The former was fined \$25 and costs and the latter \$35 and costs. This made Weaver angry, and he pushed over toward Price Pence, a colored man, who caused their arrest, and struck him. They were separated before any damage was done, and by the time that Squire Keller got through with him he was sorry that he had made the break. For the latter the squire fined Weaver \$25 and costs and gave him sixty days in jail, making \$50 and costs in all.

The first exhibition of scenery ever shown in the Martin's Ferry Opera House was given last night. It was one of the sets of the history of the world, painted by Harry Temple, and was placed in position for the inspection of the press and a few invited friends, but the public caught onto the fact, and poured in and out of the house all evening. The scenery will be shown again this evening.

The funeral of Miss Kate Krensch from St. Michael's church yesterday morning, was very largely attended. Young ladies of the church were pall bearers.

Mrs. Judge J. S. Cockran entertained a few young friends last night in honor of the Misses Longley, who are visiting her, and who leave to-day.

Wm. Rodehaver, formerly of Martin's Ferry, has arrived from Pittsburgh to take charge of the new engine at the Elm-Standard mill.

The funeral of Samuel Craig will take place this afternoon at 1 o'clock from the residence of Mrs. Anna Klotz on First street.

Joshua M. Edwards is dangerously ill at his home on Walnut street.

The Laughlin nail works will not resume until to-morrow.

Rev. A. E. Browne has returned from Claysville, Pa.

Bellaire.

All Sorts of Local News and Gossip from the Glass City.

Fred Fox, teller in the Dollar Bank at Bridgeport, who is also treasurer of Pease township, got a move on him yesterday to defeat the vicious little bill of Senator Charles M. Hogg by circulating a petition protesting against it. This was signed by every taxpayer to whom it was presented in Bridgeport, and then he came to Bellaire, and, in company with others here, had it numerously signed. Hon. J. C. Heinlein returned to Columbus yesterday evening pledged to oppose the measure, in keeping with the protest of everybody in this section, so far as is known. Stenboville, East Liverpool and every place else where the bill was known moved for its defeat. The remarkable thing is what prompted the senator to introduce such a bill. No one can be found anywhere who favors it, and yet it is intimated that the senator disclaims responsibility.

The Republicans of this city have been contenting themselves that they have an excellent ticket. This is true. Mr. Dubois is an exceptionally good man for mayor, and the calm judgment of the voters may safely elect him. But since it is the rule to work for indifferent candidates Mr. Dubois should not be lost sight of. The election of a mayor is of more consequence to the people who want to see the city governed decently than of any other officer, yet there is work being done for other candidates and none for the head of the ticket.

The North Bellaire reading room asks public support in an entertainment to be given the latter part of this month to defray taxes recently imposed for improvements in that vicinity. The rooms have been open four years and have always paid their own way until now. There is no doubt they will be liberally supported in this move.

A post mortem examination as to the cause of Bessie Bailey's death was made by the physicians yesterday morning and revealed the fact that a focus had formed in the fallopian tube, which caused a rupture in consequence of the swelling of dried pouches on top of ice cream.

A number of window glass workers here who recently returned from Indiana are quite anxious to have the Bellaire window works revived promptly, and offer very flattering inducements to the projectors to begin at once. It looks as if something might be determined this week.

A company has contracted to buy the coal underlying the land of Phillip Schramm, Nathan Masters, Boyer's heirs and others lying on the south side of Brooks run, in this township. The contract price is \$12 per acre, one-third to be paid in cash in October, 1891.

The postoffice here will hardly change hands the first of April. The very deliberate movements of the great departments at Washington which so exasperated Democrats everywhere are such that the papers have not yet arrived and only two weeks remain.

There are numerous applicants for the position of teller in the Dollar bank here, made vacant by the death of W. M. Trol. It is understood that either James F. Dubois or John T. Rankin will be selected.

Peter Wagner, formerly of this city, died at his home at Brilliant yesterday. The body will be brought here to-morrow for burial under the auspices of Kern lodge of Odd Fellows and the Druids.

Dr. J. T. W. Kerns left yesterday for St. Louis, to attend a meeting and banquet of the Medical Association there, of which he is still president.

The school board will meet this evening to confirm the business done by a committee a week ago and to fix a time for the spring vacation.

Thomas E. Booth, a prominent wool buyer, was in town yesterday on his way to the country. The price rules at 15 and 19 cents.

Miss Maggie Morrison will entertain the Young People's society of the First M. E. church at her home this evening.

MOUNDSVILLE.

A Miscellaneous Melange of Minor Matters from Marshall's Metropolis.

Mrs. Anna McConnell, of Bellaire, is building a dwelling in the McConnell addition, where she will remove. Col. Baldwin, of Cameron, will also erect a dwelling in the same addition.

B. F. McElghen has rented his dwelling, corner Seventh street and Lafayette avenue, to Port C. Baxter, of Washington, D. C., who will remove here.

The postoffice was removed to the Woodburn building Saturday evening. It is not generally liked, as the room is dark and inconvenient.

The question of grading Tomlinson avenue from Second to Fifth street will be brought before the city council to-morrow evening.

M. B. Evans has purchased the J. F. Courtwright property, in the Grimes & McConnell addition.

Col. Robert McElowney, of New Martinsville, was here yesterday on legal business.

Bishop Peterkin will hold confirmation services in the Episcopal church this evening.

H. L. Manning has purchased the Hollingshead property, on Tomlinson avenue.

The brick were hauled yesterday for paving Second street and Jefferson avenue.

They Want the Best.

"The people of this vicinity insist on having Chamberlain's Cough Remedy, and do not want any other," says John V. Bishop, of Portland, Me. That is right. They know it to be superior to any other for colds, and as a preventive and cure for croup, and why should they not insist upon having it? 50-cent bottles for sale by Chas. E. Goetze, Will W.
